

*A sacred cry.
It reminds us at a certain moment
that we are alive, that we
celebrate, suddenly the
conversations and the music stop
and the protagonist utters the first
cry: SPRITZZA! with an Italian
accent, and everyone responds to
the toast raising their glasses.*

Santino Stevani's is our aperitif and the main ingredient in all our Spritz drinks: its elaboration process has different stages. First, the botanicals are macerated for 72 hours in neutral alcohol to extract the flavors; meanwhile syrup is made with bitter orange peel which afterwards is merged with the previously macerated alcohol. This is left for 48 hours to settle the flavors, then filtered to retain natural particles from the botanicals and packed. The botanicals we use are based on rhubarb, gentian, cinchona and bitter orange peel.

PERSONAL PIZZAS

Our pizzas are made with 100% organic flour, our raw materials are top quality, but for us the most important ingredient is the 80% hydration time. With it we are able to extract the genuine wheat flavor through the entire baking process.

Our pizzas are the celebration of the city's most classic tastes combined with the magical and light Neapolitan pizza dough.
